A LITTLE ABOUT ME

I am a highly motivated designer/artist with a strong passion for the visual arts. Searching for the intersection of beauty and purpose, I balance the aesthetic world with practical demands of function. I have the technical capability to achieve a wide range of graphic design styles and vast knowledge of the printing process. My skills range from branding, packaging, print, and website design, to self-proclaimed coffee master.

EXPERIENCE

2020 • SENIOR GRAPHIC DESIGNER

2013 *Place Creative Company | Burlington, VT*

During my tenure at Place Creative I have been fortunate to work with a talented, collaborative team, and have advanced my standing from Graphic Designer to Senior Graphic Designer as I proved that my concepts were effective. I focused on creating the strongest designs possible for the client, often incorporating my own artwork for an original, fresh look. My designs capture interest, evoke emotion, and engage the viewer, utilizing a hierarchy of effective visual communication. My work here has been recognized and awarded in national graphic design publications. As the lead designer for the Pete and Gerry's Organic Eggs account, I created many of the designs that helped transform this company into the number one organic egg brand in the nation in 2018 and 2019.

Responsibilities

- Lead designer and project manager
- Creative campaign concept development
- Point of contact for client
- Produce final mechanical files

Notable Branding and Package Design Projects

- Pete and Gerry's Organics
- Nellie's Free Range Eggs
- Carol's Pasture Raised Eggs
- Champlain Orchard Cidery

2013 • GRAPHIC DESIGNER

2011 *MSI Media Solutions | Essex, VT*

MSI Media was a marketing and creative consulting company that specialized in the health care industry. My time here honed my skills as a website/print designer. I designed seamless information flow for effective User Interface. I enjoyed my time working with this team and have continued my relationship with them by consulting and working as a lead designer.

Responsibilities

- Lead designer and project manager
- Creative campaign concept development
- Point of contact for client

Notable Web Design Projects

- New England Society for Healthcare Strategy
- New Hampshire Orthopedic Center
- Timberlane Dental Group

REFERENCES

Jim Curry

President and Creative Director at
MSI Media Solutions

Essex, VT

(802) 373-4478

jcurry@the12thsign.com

Jim and I worked closely together during my time at MSI to develop many website solutions for the health care industry including New England Society for Health-care Strategy, New Hampshire Orthopedic Center, Timberlane Dental Group, and Health Quest Medical Practice.

Michelle Boutin

Art Director at Place Creative

Burlington, VT

(802) 249-0168

michellemboutin1@gmail.com

I worked with Michelle at Place Creative and collaborate daily on multiple projects including an award-winning catalog design for Darn Tough featuring my illustrations. We also worked closely to develop the new package design for Darn Socks that leveraged a clean design that let the quality of the socks talk for themselves.

Sarah Mutrux

Executive Director at Wrenegade
Foundation

Essex, VT

(802) 323-8408

sarah@wrenegadesports.com

Sarah was my point of contact at Wrenegade Foundation in the creation of a fundraising campaign under the Farm to Fork brand which focused on helping small farms and preserving rural landscapes.

EXPERIENCE

2011
-
2007

SCREEN PRESS OPERATOR / GRAPHIC DESIGNER

Select Design | Burlington, VT

Lead screen press operator on a ten-color automatic press for 3 years. Responsible for many tasks including the quality of printing, scheduling, the maintenance of the machine, and training of new employees to operate the press. I gained superior multi-tasking skills, leadership skills, and communication skills that gave me the opportunity to be promoted to a Graphic Designer position.

Responsibilities

- Troubleshooting situations quickly
- Working directly with sales representatives to achieve the best solution for the customer
- Internal scheduling and maintenance

Notable Projects

- Printing shirts for Red Sox when they won the World Series IN 2007
- Printing and desinging shirts for clients such as Pepsi, Ben and Jerry's, Mountain Dew, Burton Snowboards, and Sobe
